MADE IN BRUXSEL

The travelling festival “Made in Bruxsel” migrations that create the city, gathers researchers, civil society actors, artists and inhabitants of Brussels from January 2018 until May 2018. Throughout ten evenings that will take place in various Brussels cultural and artistic places, we will debate and celebrate diversity, and those migrations that contributed to the development of our global city today. Every evening will offer the opportunity to discover Brussels artists, researchers and to listen to multiple testimonials of generations of residents of Brussels who grew up in this urban diversity.

BRUSSELS STREET PHOTOGRAPHY FESTIVAL

The Brussels Street Photography Festival is a cultural project whose objective is to promote street photography as an urban research tool, a form of cultural communication and a visual art. Inspired by Brussels’ urban landscape, the main ambition is to provide an international platform that looks at Brussels through the fresh eyes of its citizens and engaged photographers.

The BSPF has successfully run for two editions in 2016 and 2017 and it is in preparations for the third edition in October 2018.
